PROFESSIONAL SUMMARY

UI/UX Designer and aspiring Product Designer with hands-on experience designing websites, mobile applications, ERP systems, and digital products. Skilled in user-centered design, user research, information architecture, user flows, wireframing, prototyping, usability testing, interaction design, visual design, responsive design, accessibility, and design systems. Experienced in creating end-to-end Figma designs for company websites, School ERP systems, job-search mobile applications, veterinary applications, onboarding flows, and freelance websites. Knowledge of HTML5, CSS3, JavaScript, React, Bootstrap, GitHub, and WordPress supports effective collaboration with developers and implementation-focused design handoff. Additional experience in healthcare operations at Cognizant provides exposure to insurance claims, healthcare workflows, compliance-regulated processes, and data-driven environments. Certified in UI/UX Design, ChatGPT, Prompt Engineering, and Foundations of Modern AI.

CORE COMPETENCIES

UI/UX Design: UI Design, UX Design, User-Centered Design, User Experience Design, User Interface Design, Product Design, Mobile App Design, Web Design, Responsive Web Design, Interaction Design, Visual Design, Design Thinking, Accessibility.

UX Research & Analysis: User Research, Usability Testing, Usability Evaluation, Competitive Analysis, User Journey Mapping, User Feedback, UX Evaluation, Workflow Analysis, Problem Identification, User-Centered Research.

UX Process: User Flows, Information Architecture, Wireframing, Low-Fidelity Wireframes, High-Fidelity Design, Prototyping, Interactive Prototypes, Design Iteration, User Journey, Navigation Design, Information Hierarchy, Error Handling, Onboarding Design, Cross-Functional Collaboration.

UI Design Systems: Design Systems, UI Components, Reusable Components, Component Libraries, Typography, Color Theory, Visual Hierarchy, Layout Design, Responsive Interfaces, Mobile Interfaces, Web Interfaces.

Design Tools: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, Miro, Framer.

Front-End & Development: HTML5, CSS3, JavaScript, React, Bootstrap, GitHub, WordPress, Responsive Web Development, Developer Handoff, Design Handoff.

AI & Technology: ChatGPT, Prompt Engineering, Generative AI, AI-Assisted Design Workflows, AI-Assisted Ideation, AI-Assisted Design Iteration.

PROFESSIONAL EXPERIENCE

UI/UX Designer & Developer Intern

Vision Bitz Techno Solutions | Aug 2026 – Oct 2026

- Served as the primary UI/UX designer for Vision Bitz and partner company Pencilbitz, supporting website, web application, and mobile application design projects.
- Designed three major products end to end in Figma: Vision Bitz 2.0 website, School ERP system, and Upzy Jobs mobile application.
- Created user flows, information architecture, wireframes, high-fidelity prototypes, UI designs, reusable components, and responsive layouts.
- Collaborated with digital marketing and development teams on design iteration, responsive implementation, and developer handoff.
- Used AI-assisted design tools and workflows for ideation, exploration, iteration, and design refinement.

Freelance UI/UX Designer

Independent | Oct 2026

- Designed a complete website for a chit fund company from initial structure through final UI design.
- Created website layouts, navigation structures, visual hierarchy, and responsive UI concepts.
- Designed an e-commerce website for a dress shop with a modern thrift-inspired visual style.

Process Executive – Healthcare Operations
Cognizant Technology Solutions | Mar 2025 – Nov 2026

- Processed and validated insurance claims in a compliance-regulated healthcare environment.
- Developed practical knowledge of healthcare workflows, insurance processes, clinical information, and patient data systems.
- Built domain knowledge relevant to healthcare UX, health-tech products, enterprise applications, and data-driven user experiences.

UI/UX Designer – Projects
IDM Tech Park | Jan 2025 – May 2026

- Led UX activities for VETSSREACH, a veterinary application, focusing on user experience, navigation, workflows, and usability.
- Conducted UX evaluation and usability testing to identify navigation, workflow, and interaction issues.
- Redesigned DigiYatra onboarding and error-handling flows with a focus on accessibility, clarity, and usability.

SELECTED PROJECTS

Vision Bitz 2.0 – Company Website Redesign

- Redesigned the complete company website using user flows, information architecture, wireframes, and high-fidelity Figma prototypes.
- Created a consistent visual design system including layouts, typography, colors, components, and responsive UI.

School ERP System

- Designed the complete UI/UX for a School ERP system containing multiple modules and complex workflows.
- Created user flows, wireframes, high-fidelity prototypes, and reusable UI components in Figma.
- Improved information architecture and navigation consistency across modules.
- Collaborated with developers on responsive implementation and design handoff.

Upzy Jobs – Job Search Mobile Application

- Designed the complete job-seeker mobile application as the primary designer.
- Created mobile user flows, UI screens, interaction patterns, and high-fidelity Figma designs.
- Worked with the developer during the build and tested the product for mobile responsiveness and design consistency.

VETSSREACH – Veterinary Application

- Evaluated user journeys, navigation, and workflows to identify usability issues.
- Created UI/UX solutions and design concepts in Figma.

DigiYatra – Onboarding & Error Flow Redesign

- Redesigned onboarding and error-handling experiences using user-centered design principles.
- Focused on accessibility, clarity, navigation, and usability.

Freelance Web Design Projects: Chit Fund Company Website

- Designed the complete website UI and page structure.

Freelance Web Design Projects: Thrift E-commerce Dress Shop Website

- Designed an e-commerce website with a modern thrift-inspired visual style.

EDUCATION

B.Sc. Information Technology
Sri Ramakrishna College of Arts and Science, Coimbatore | 2021 – 2024 | First Class, 80%

CERTIFICATIONS

- UI/UX Design Professional Certification – IDM Tech Park (2025–2026)
- Figma to WordPress – Udemy
- ChatGPT Certification – Cognizant
- Prompt Engineering Certification – Be10x
- Foundations of Modern AI – Cognizant
